What is GeM OEM Panel?

GeM OEM Panel is an analytics tool built exclusively for GeM (Government e-Marketplace) sellers. It helps OEMs, brand owners, and category managers track market performance, monitor competitors, and make data-driven decisions — all in one powerful dashboard.

1

GeM Contract & Bid Analysis

Run complete GeM contract bid analysis and monitor portal bid results in real time.

2

Full Market Coverage

Every brand selling in your category shows up automatically — no manual setup required.

3

Competitor Intelligence

Discover hidden competitors, track market share %, top sellers, and buyer intelligence.

4

PDF & Excel Reports

Download full analytics reports as PDF or export contract & bid data to Excel/CSV instantly.

Trusted by OEMs and GeM sellers — gemoempanel.com

19 Data Tracking Features You Get

Every plan unlocks all 19 features — from GeM contract bid analysis and GeM portal bid results to market share charts and Excel exports.

Category Market Size Report
Monthly, quarterly & annual GeM market value with trend charts.

Total Contracts Dashboard
Direct Purchase contracts: count, value & live status.

Total Bids / Tenders Dashboard
All GeM bid results: count, value & type split (Direct/Bid/RA).

Brand Market Share Analysis
Exact % market share of every brand vs competitors.

Top Sellers — Overall Category
Top distributors in your category by order value & volume.

Top Sellers — Your Brand
Top sellers for your OEM brand — find your best channel partners.

Complete Contract-Level Details
Every contract: Buyer, Seller, Product, Rate, Qty, Date, Status.

Complete Bid / Tender Details
L1 winner, winning rate, bidders, qualified/disqualified per tender.

All Brands Deep Dive
Every brand: order count, value, monthly trend, wins & bids.

Brand vs Brand Comparison
Your brand vs top 5 competitors: value, count, share, wins, bids.

Monthly Trend — Self vs Competitors
12-month performance chart vs top 5 competitors.

Quarterly Performance Tracker
Quarter-on-quarter analysis to spot peak buying seasons.

Procurement Type Breakdown
Direct vs Bid vs RA split by count & value.

Order Status Distribution
Fulfilled, In Progress, Accepted, Cancelled, Awaiting Payment.

Buyer Intelligence
Ministries, PSUs & agencies buying in your categories.

One-Click PDF Report Download
Full analytics report as PDF — share instantly.

Contract Data — Excel / CSV Export
Filtered contracts: winner, rate, qty, buyer, date.

Bid Data — Excel / CSV Export
All bid records structured & ready offline.

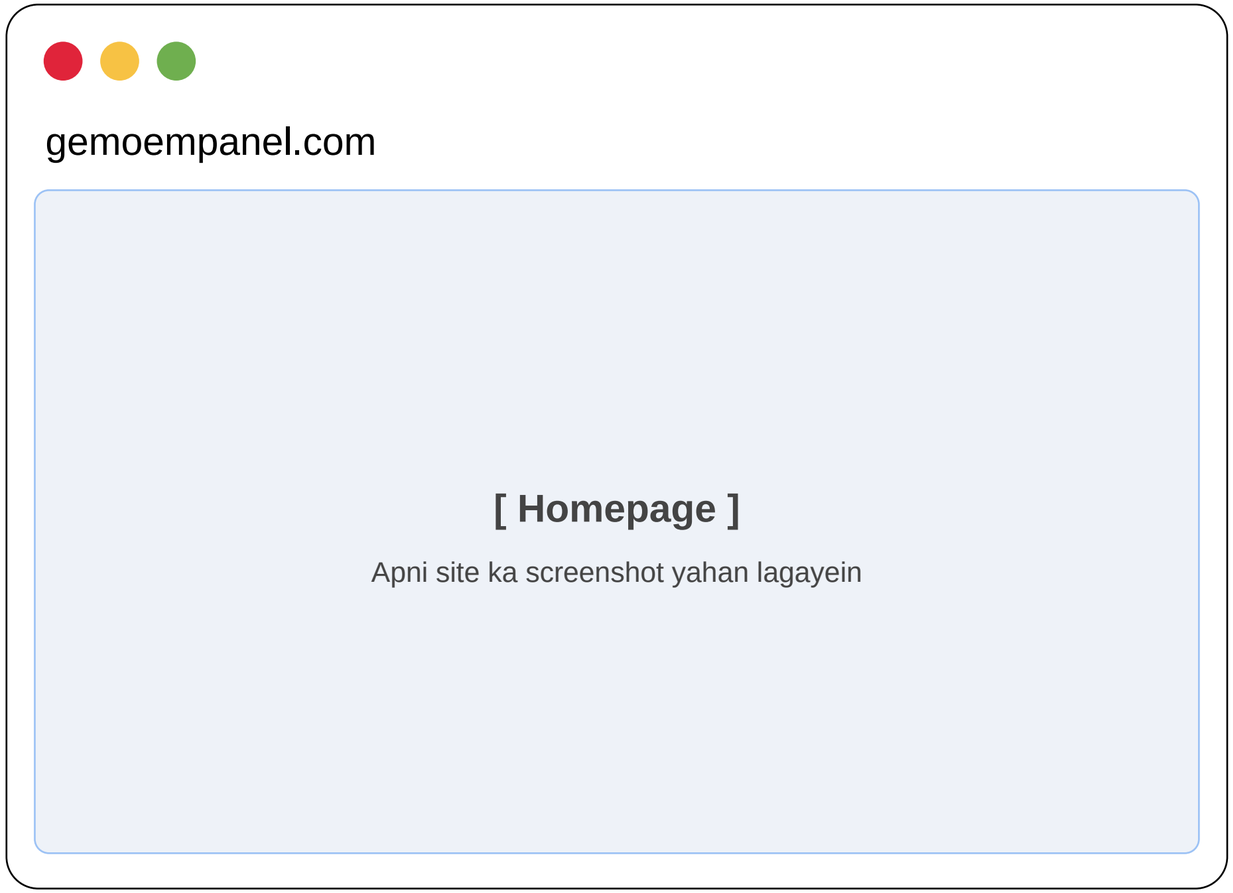

Brand Comparison — Excel Export
Market share, wins & bids exported to Excel.

01

Step 1: Visit GeM OEM Panel & Click Get Started

Head to gemoempanel.com — an analytics tool built exclusively for GeM sellers. Click the "Get Started" button on the homepage to begin your free registration.

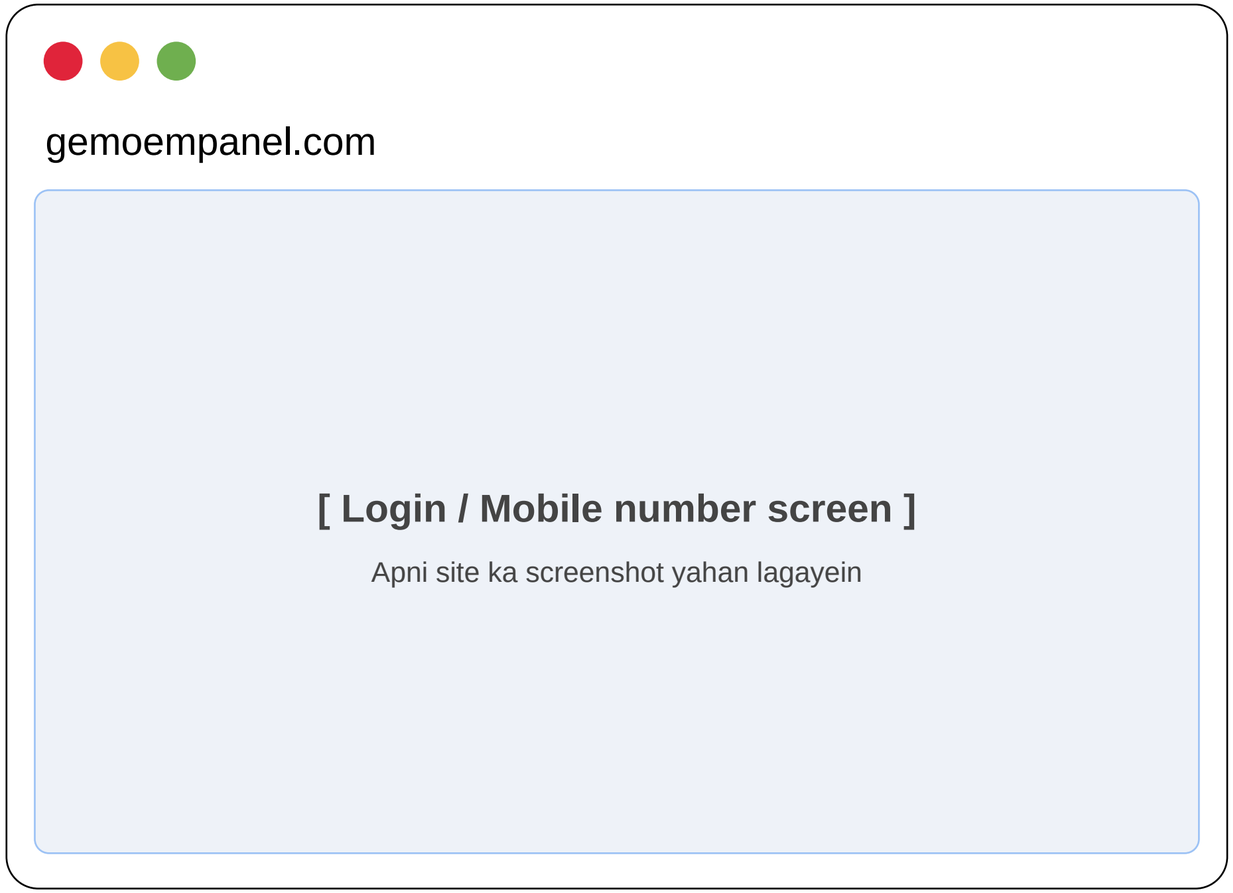

Tip: You can also contact our sales team if you want a guided demo before signing up.

02

Step 2: Enter Your Mobile Number

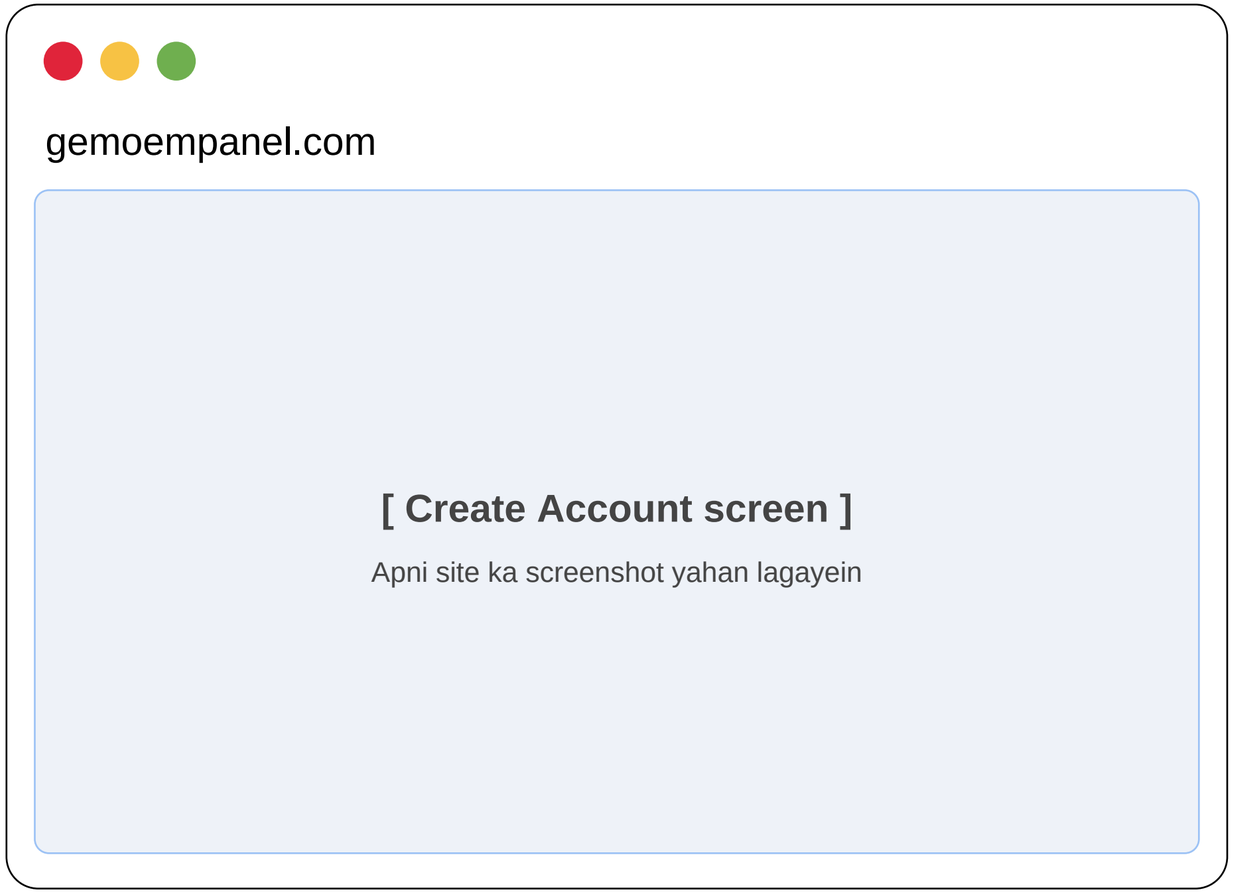

On the registration page, enter your mobile number to begin creating your account. This number will be used for OTP verification via SMS and WhatsApp.

03

Step 3: Create Your Account & Verify

Enter your full name and email address to complete your profile. Then verify your identity using the OTP sent to your mobile number via text message and WhatsApp.

04

Step 4: Select Your Tracking Method

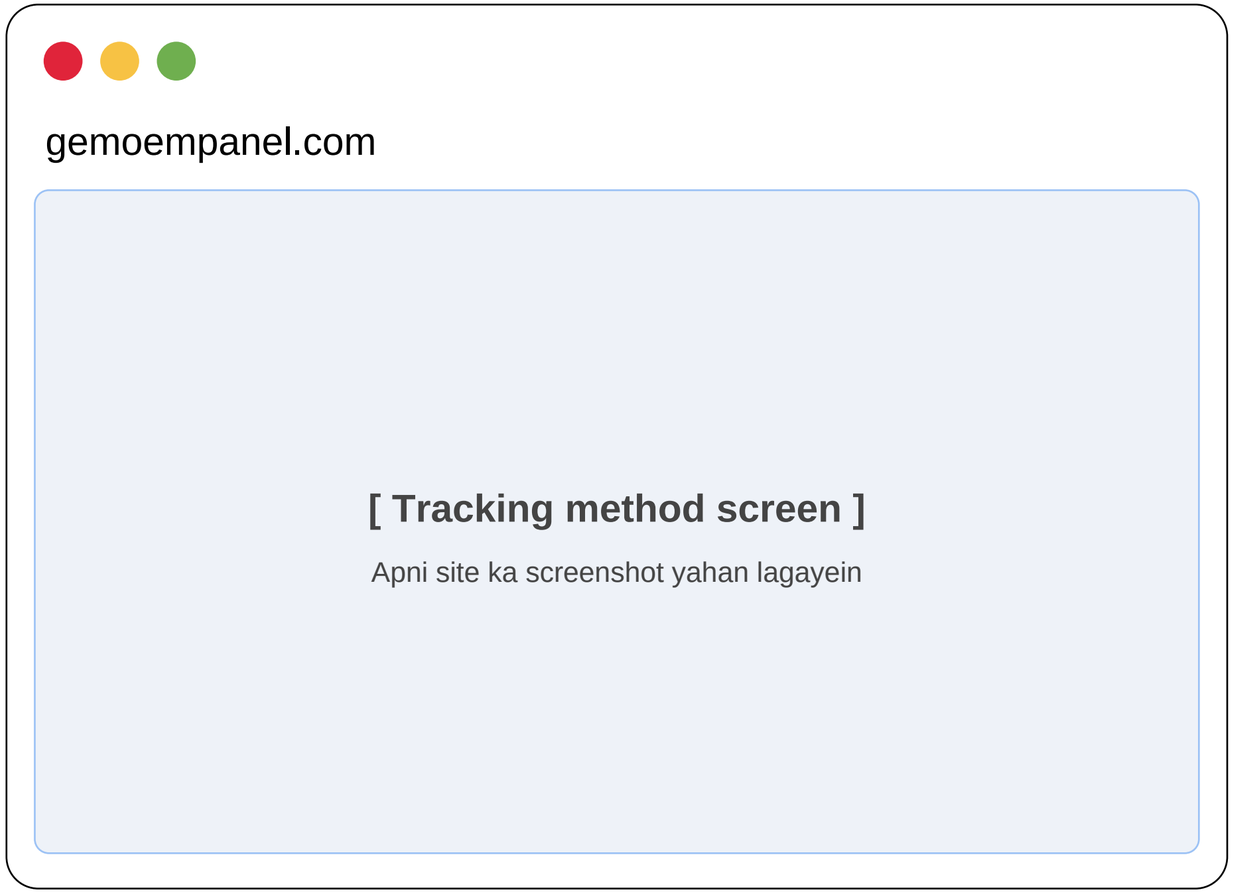

Choose how you want to track your market data. GeM OEM Panel offers two powerful options:

Track by Categories

Monitor performance across product categories relevant to your business.

Track by Brand

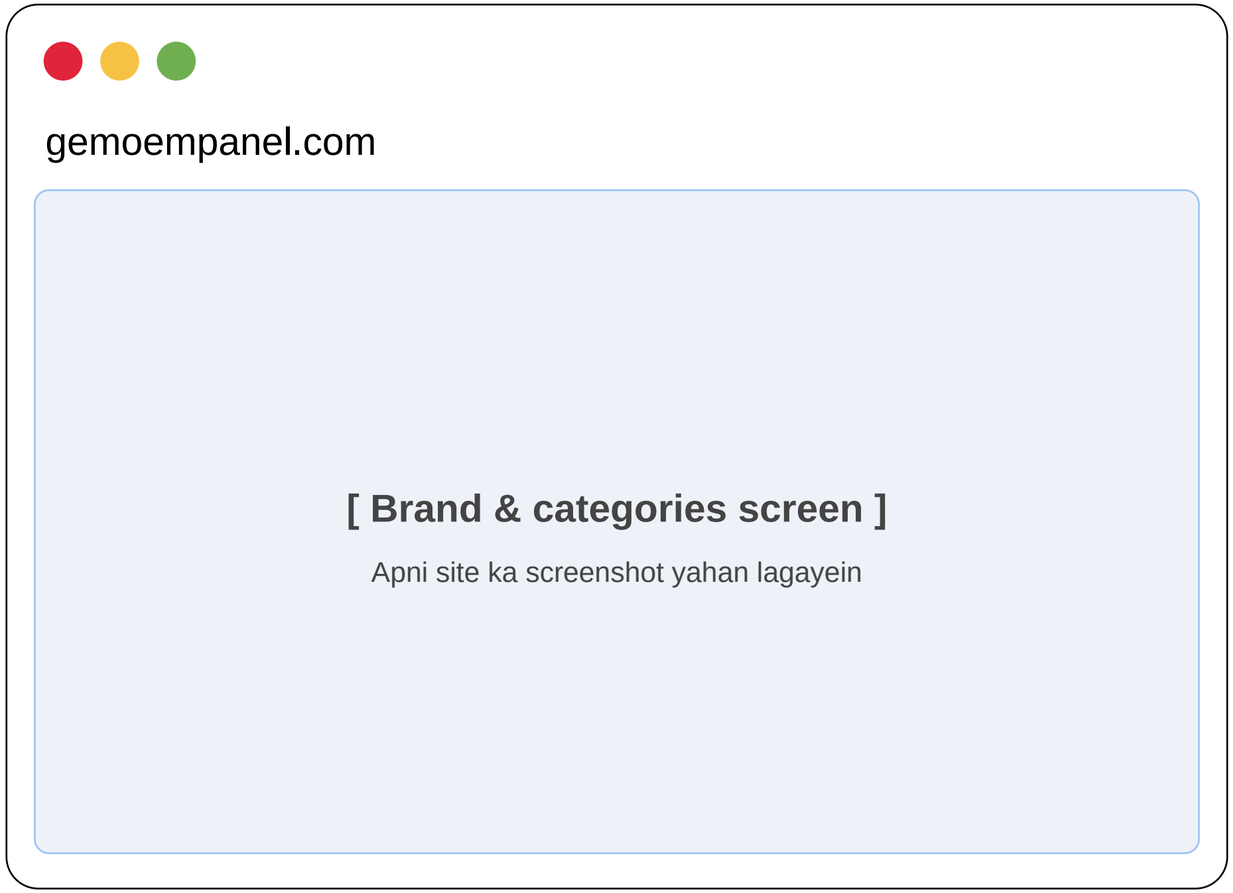

Focus your analytics on specific brands to gain targeted competitive insights.

05

Step 5: Enter Brand Name & Choose Categories

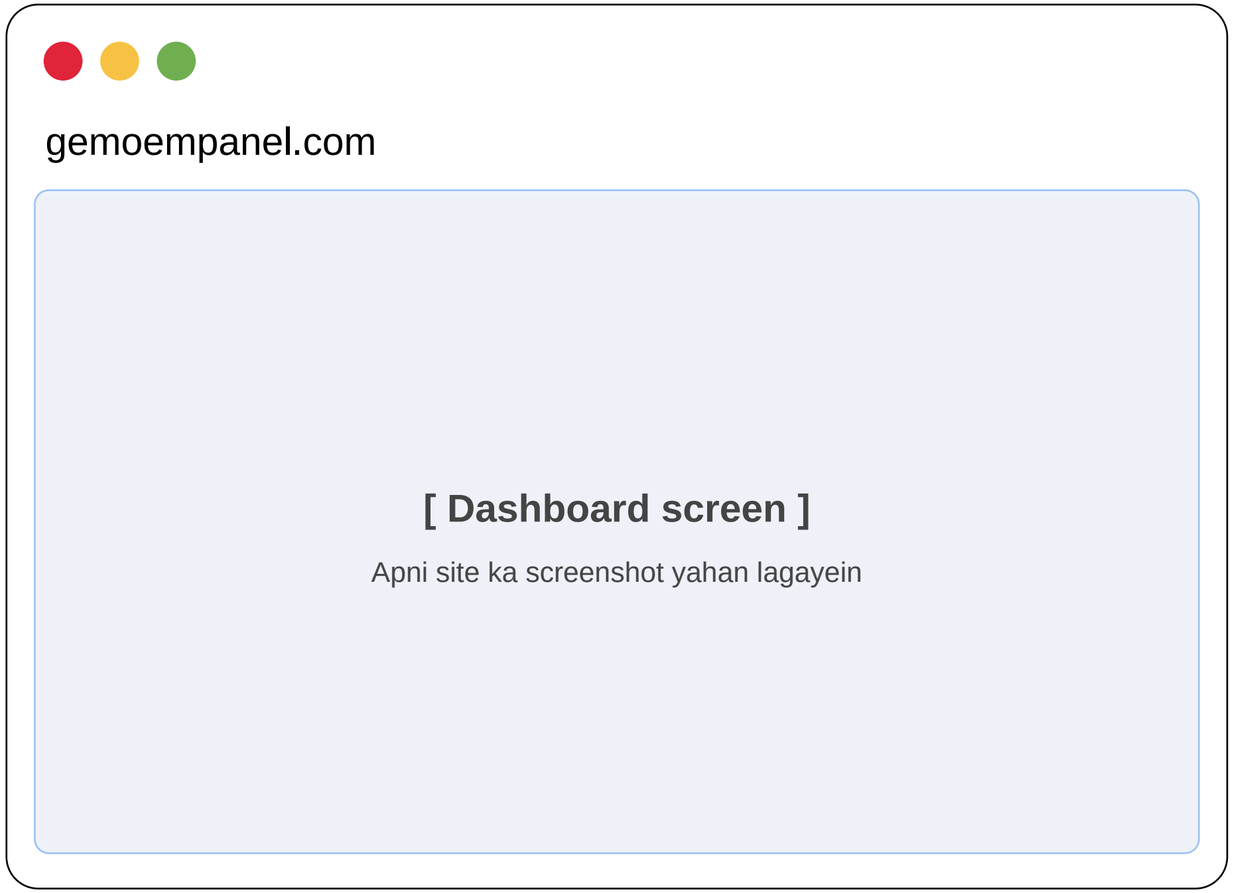

Enter your brand name and select the relevant category names to tailor your analytics dashboard to your specific market segment.

06

Step 6: Your Dashboard & Reports Are Ready!

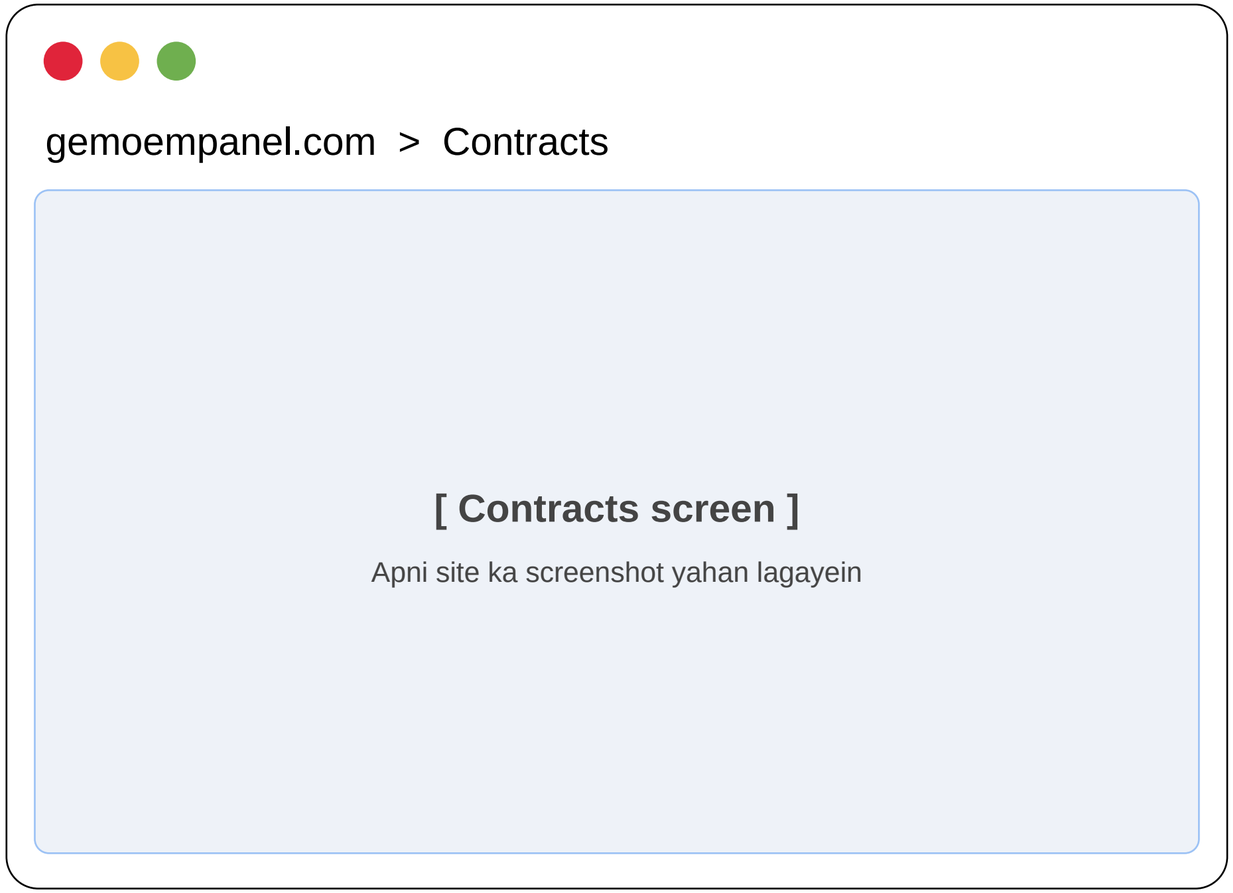

Congratulations! Your personalized dashboard and reports are now generated. Explore your analytics data and gain powerful market insights instantly.

07

Step 7: Track Every Single Contract Awarded on GeM

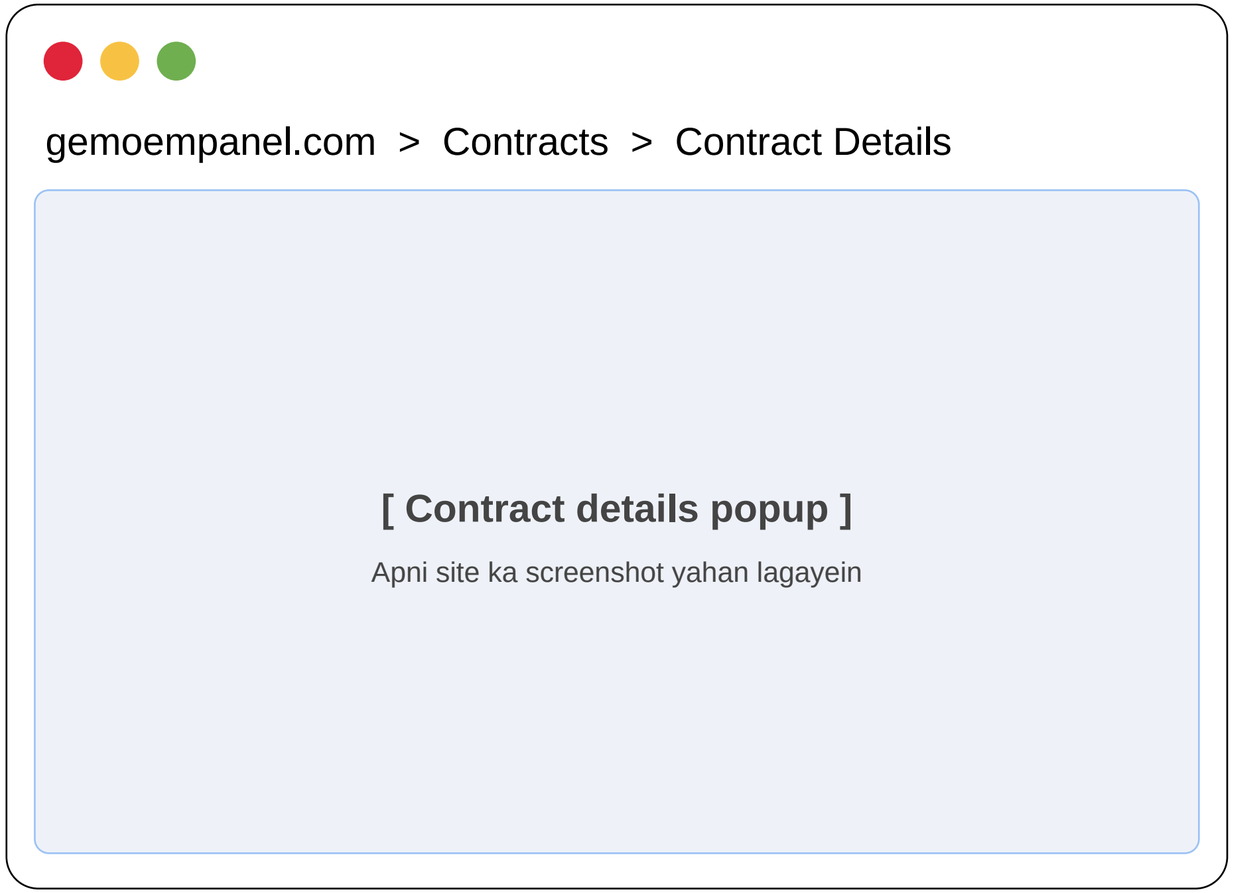

Monitor every contract awarded on the GeM portal across your selected categories. See complete details — Contract #, Date, Category, Brand, Status, Type, Value, Selling As, Specifications — all in one place.

08

Step 8: View Complete Contract Details

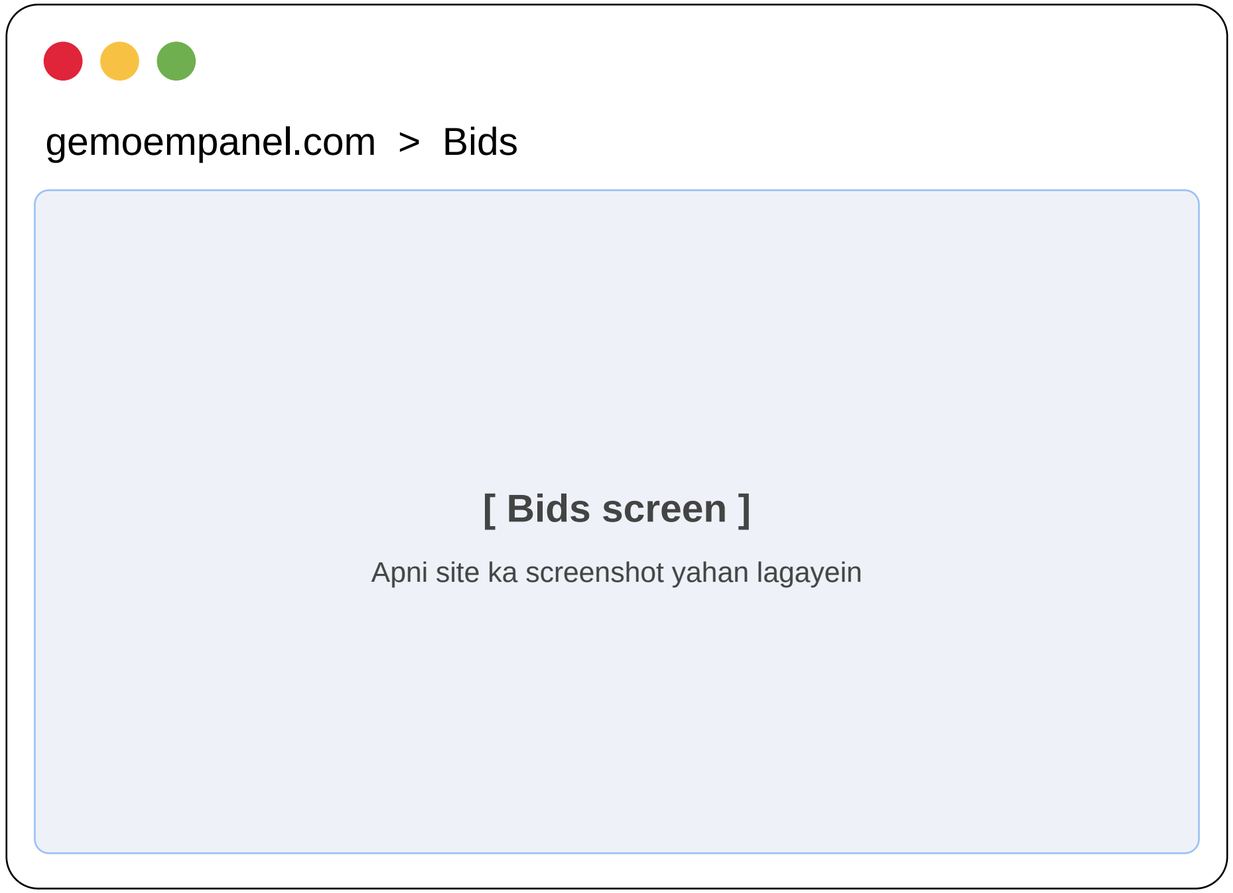

Click on any contract to see a full breakdown — every detail about the contract, buyer, product, and seller in one popup view.

09

Step 9: Track All Bids Awarded in Your Categories

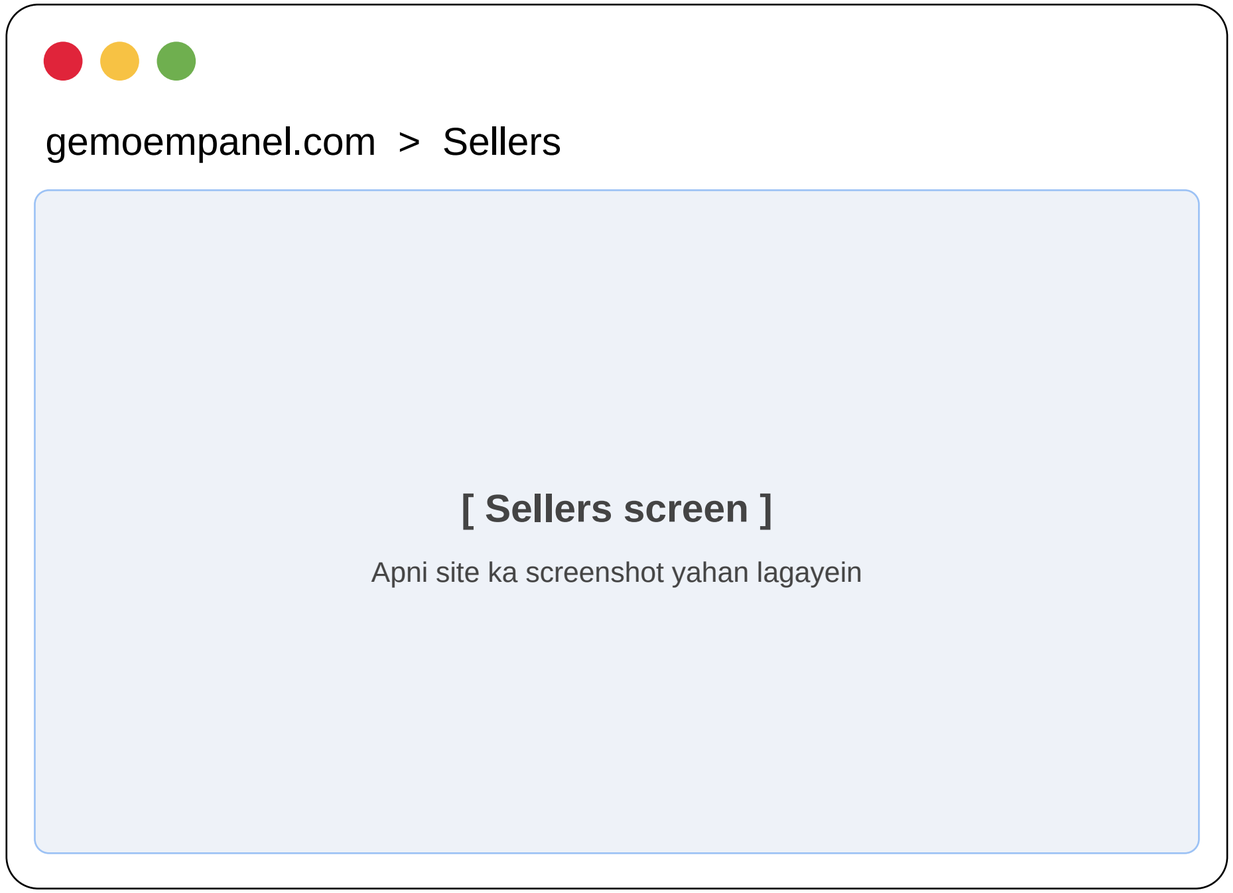

Get complete bid oversight across your selected GeM categories. See every bid result — Bid #, RA #, Date, Category, Brand, Status, Bid Type, L1 Winner, and Value — all in one searchable dashboard.

10

Step 10: Track All Sellers in Your Categories

Get a complete seller performance overview across your selected GeM categories. See every seller — their total contracts, contract value, categories they sell in, and latest contract date — all in one place.

Registration at a Glance
